Because Everything
Deserves a
Second Chance

Our Philosophy

We believe that every life, no matter how small or common, is precious and deserves a chance at life.

Taking in over four thousand wild animals annually, from the tiniest hummingbird to the largest eagle, from chipmunks to deer, Red Creek has been giving wildlife a second chance for over 30 years.

We believe that education is an important part of saving our wildlife, the environment and the planet for future generations.

Each year, tens of thousands of students enjoy a positive experience through Red Creek's public programs and assemblies.

We believe wildlife rehabilitation is a valuable service that should be available to everyone.

Red Creek is helping others become wildlife rehabilitators through classes, seminars and online training, expanding this service to new areas in Pennsylvania and nationally.

What it Costs

\$1,000

treats an eagle with lead poisoning

\$350

saves a fox kit

\$300

saves a baby peregrine falcon

\$250

saves a fawn

\$200

saves a baby hawk or owl

\$150

saves a baby raccoon

\$75

saves a baby squirrel or opossum

\$35

saves a baby hummingbird

\$20

saves a baby bunny

Educational Programs

Flexible and entertaining, Red Creek's programs bring nature to life in your school, classroom or club. Because each presentation is designed for the individual audience, each talk is unique.

We have programs for all ages and group sizes, where you can choose to meet a hawk, falcon, owl, vulture, mammal, or reptile at our facility or yours!
